Message from the President

As we turn the page from the High Holidays and settle into the rhythm of fall, the Men's Club would like to express our sincere thanks to everyone who helped erect and decorate the Karo Sukkah this year. A big shoutout to Stu Haimes, Al Karo, Jeff Reis, Andy Bader, Bruce Elowsky, Rob Cohen, Steven Adelman, Steve Smith, Bob Pinkus and Jason Hymowitz. Their time, energy, and teamwork made it possible for our congregation to celebrate Sukkot together in true Plainview Jewish Center spirit.

I would also like to give a huge shoutout to everyone who attended our annual Steak and Single Malt Scotch in the Sukkah event on October 9th. While I was unable to attend personally, our board members shared with me how much fun everyone had. This year's turnout was fantastic, and from all reports, it was a wonderful evening of great food, camaraderie, and celebration. Special thanks to Brian Bank for spearheading the event and Bruce Elowsky for helping sell the raffle tickets. Finally, a shoutout to Al Karo and Jeff Kammerman for manning the grill — I heard those steaks were delicious!

On October 21st, the Men's Club sponsored our 34th Annual Meet the Candidates night. We had a great turnout with many representatives running for office across different positions from Nassau County in attendance. Thank you, Fred Skolnik, for organizing the event.

With the high holidays now behind us, we're looking forward to an exciting November filled with community activities, including:

- 7th Annual Walk for a Cause (11/9) – Lace up your sneakers and join us for this meaningful event supporting the PJC Sandwich-making program for Long Island Connections, a neighborhood outreach network to assist local families in need.
- Men's Club & Sisterhood Joint Paid-Up Membership Brunch (11/16) – A morning of good food, great company, and celebrating the members who make our community so special. Please RSVP by November 10th to Larry Danziger at lardanz@verizon.net.

Looking ahead, we're also thrilled to announce that planning and auditions have begun for our Spring musical production of *The Wizard of Oz*! Whether you love to sing, act, or work behind the scenes, there will be plenty of ways to get involved. Once again, Stu Haimes, Rob Cohen and Steven Adelman will be our co-producers. Stay tuned for more details on volunteer opportunities.

As always, thank you for your continued support and participation. The Men's Club thrives because of you — your enthusiasm, spirit, and commitment to keeping our community strong and connected.

Wishing everyone a wonderful month ahead,
Seth Pollack
President, Men's Club

Yiddishisms

On November 18, 2013, NASA launched an atmospheric probe to Mars, which initiated the Mars Atmosphere and Volatile Evolution mission. Its mission was to gather data to determine why Mars' atmosphere and water supply were lost over time. A little over 10 months later the probe reached Mars' atmosphere. A year later, NASA announced that the probe found that solar storms were the cause for the transformation of Mars' atmosphere from a carbon-dioxide atmosphere to a cold and barren surface. According to NASA's findings, this transfer occurred between 4.2 and 3.7 billion years ago.

Why would this tidbit of scientific history be worthy of inclusion in *Jewish Treats*? Because of the name of the Mars probe! The "Mars Atmosphere and Volatile Evolution mission" was nicknamed *MAVEN*, which in Yiddish means someone with expert knowledge. The acronym *MAVEN* was given to the probe to deliberately connote the Yiddish term.

MAVEN, however, is not merely another Yiddish term derived from the original Hebrew. It's a Yiddish word that is well known in the English vernacular. Some call such words "Yiddishisms." Non-Yiddish speakers, and even non-Jews, will invoke many of the following terms: a busy-body is a *yenta*; a child *kvetching* too much to their parent; two people *schmoozing*, or perhaps *kibbitzing* and catching up on old times; someone acting with such audacity that they are called out for their *chutzpah*. Some call such words "Yinglish" or "Ameridish", while others will use the formal non-Yiddish term, neologisms, which means new words, usages or expressions.

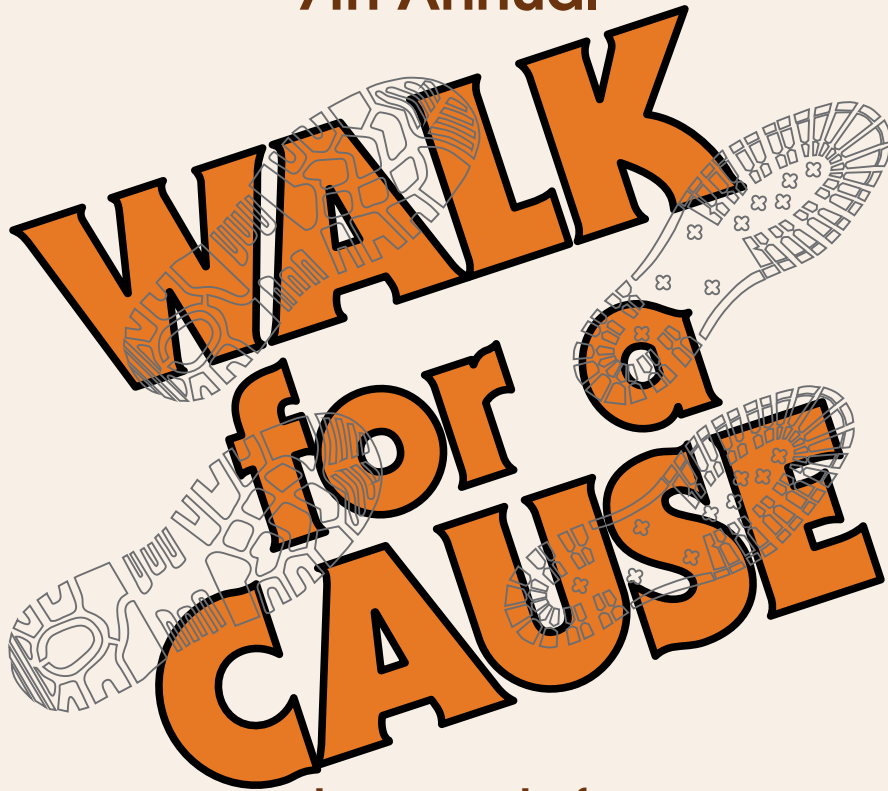

Yiddish terms that enter the English language occur in various categories. There are the words associated with food such as *blintzes*, *kishke*, *latke*, *nosh*, *schmaltz*, and *schmear* and even the work kosher, as a synonym for appropriate or acceptable. Some words entered via the entertainment industry: *yenta* and *l'chaim* (Fiddler on the Roof), *megillah* (Gorilla) and *schlemiel* and *schlemazel* (Laverne and Shirley). Mike Myers' Saturday Night Live Jewish character Linda Richman, brought us the terms *farkleempt* and *shpilkes*. Most Americans know the difference between one who is a *mensch* and another who is *meshugah*. For some reason, many Yiddishisms begin with the "sch" sound, such as *schlep*, *schmutz*, *schpiel*, *schtick* and *schvitz*. Even one-syllable Yiddish expressions such as *oy* and *nu* are pregnant with meaning. There is also a litany of colorful terms that can't be mentioned in *Jewish Treats*.

So boychiks and maydelehs, be proud of the Yiddish language and culture, whose terms have entered and truly enriched the melting pot of American life.

This Month's Tip:

Yiddish is known as the *Mamaloshen*, the mother tongue. The more Yiddish you can understand, the more of the history you can learn in its primary sources. You will also put a big smile on the faces of relatives who grew up in Yiddish-speaking homes.

Sudoku Puzzle

Why Play Sudoku

Preliminary evidence suggest that staying mentally active may be associated with preservation of cognitive function. Science tells us that children and young adults may build up brain "reserves" by reading and undertaking mental challenges, and older adults can continue to build these brain connections through stimulating activities. In fact, building these cognitive reserves is a lifelong process in which some nerve cells (neurons) form, some die, and others interconnect. For more information, please visit brightfocus.org/ADR

Here's How It Works

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a Sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle! For tips on how to solve Sudoku puzzles go to: <https://www.howcast.com/videos/202656-how-to-solve-a-sudoku-game>
